THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

Continuing Education
Physical/Life Science Exploration
Meets with: CHEM 121
Note: Discussion part of the lecture. Lab is a separate class, please register for CHEM 1215 on Main Campus if you need the lab. This course includes all the required textbooks and course materials you’ll need at a reduced cost, included in the course fee. Students may request to opt out here: https://portal.verba.io/utah/login

This class meets at the Sandy Campus at 10011 Centennial Parkway, Suite 100, Sandy. For directions call 801-587-2520 or visit https://continue.utah.edu/sandy

Hybrid Classes
Note: This is a Hybrid course, which uses a mixture of online, face-to-face, and technology enhanced instruction. Students will be automatically registered for a lecture section when registering for one of the lab sections. The lecture portion of the course will be delivered via pre-recorded videos online and so does not have an official meeting time. You must attend the lab section for which you are registered.

Hybrid Classes

Note: This is a Hybrid course, which uses a mixture of online, face-to-face, and technology enhanced instruction. Students will be automatically registered for a lecture section when registering for one of the lab sections. The lecture portion of the course will be delivered via pre-recorded videos online and so does not have an official meeting time. You must attend the lab section for which you are registered.

Note: Sections 2 - 8 belong to this lecture. This course requires registration for a lab and/or discussion section. Students will be automatically registered for this lecture section when registering for the pertinent lab and/or discussion section. Students should also be registered for Chemistry 1225, General Chemistry Lab II. Supplemental Instruction (SI) is attached to this section. SI provides free, organized group study sessions in which students actively focus on course content, test preparation, and study skills. SI is facilitated by trained student SI leaders. SI session times are determined the first week of class. See http://learningcenter.utah.edu/ for more information.

Note: This is an online course, which does not meet in-class. For additional information, please visit http://uonline.utah.edu or call (801) 585-5959.

| Note: Sections 051-062 belong to this lecture. This section is intended for Computer Science pre-majors only. Non-majors should enroll in CS 1960: Computer Programming I. Computer Engineering and Electrical Engineering majors and pre-majors should register in sections 030 or 040, respectively. This course requires registration for a lab section. Students will be automatically registered for this lecture section when registering for the pertinent lab section. In order to register for this course, students must have completed or waived CS 1030. Go to www.cs.utah.edu/~parker/instructions for the proficiency test required to waive CS 1030. This is a Hybrid course, which uses a mixture of online, face-to-face, and technology enhanced instruction. Students will be automatically registered for the lecture section when registering for one of the lab sections. The lecture portion of the course will be delivered via online videos and so does not have an official meeting time. You must attend the lab section for which you are registered. You must take the midterm and final exams in person on campus. You can take the midterm on Wednesday, October 17, either 3:00-4:20 p.m. or 5:00-6:20 p.m. You can take the final on Wednesday, December 13, either 3:30-5:30 p.m. or 6:00-8:00 p.m.

Note: This class will teach key concepts of deep (machine) learning with an emphasis on convolutional neural networks. The class will survey important network architectures, as well as training and analysis techniques. Students will build neural networks and train them using Python. Students will be required to complete several assigned neural network exercises and then complete a project using deep learning to solve a machine learning problem of their choice. Taught by Berton Earnshaw, Senior Director of Data Science Research at Recursion Pharmaceuticals, a drug discovery start-up with over $80m in raised capital.

Note: This course is open to non-CS majors.

Note: Please contact the graduate advisors to obtain a permission code.

Note: This class meets in MEB 3485.

Note: This seminar will focus on distributed linear algebra algorithms. Attendees will read and discuss papers on core large-scale Linear Algebra algorithms such as dense matrix representations, matrix factorizations, singular value decomposition etc. Attendees will typically discuss one paper each week.

Meets with: BIOEN 6810, ECE 6960

Meets with: ME EN 7960

THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please fill out the Registration Permission Code request form found on our website at [http://www.ece.utah.edu/](http://www.ece.utah.edu/). You may be administratively dropped from a course if the prerequisite has not been met.

Note: Sections 2 - 7 belong to this lecture. This course requires registration for a lab section. Students will be automatically registered for this lecture section when registering for the pertinent lab section. This class meets with ECE 2210-001 for the first half of the semester. Please fill out the Registration Permission Code request form found on the ECE Dept. website at http://www.ece.utah.edu/ if you cannot add the class because it is full.

---

This department enforces undergraduate prerequisites. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

**THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES.** Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please go to [www.math.utah.edu](http://www.math.utah.edu) (the link in the middle of that page) to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

Note: Supplemental Instruction (SI) is attached to this section. SI provides free, organized group study sessions in which students actively focus on course content, test preparation, and study skills. SI is facilitated by trained student SI leaders. SI session times are determined the first week of class. See http://learningcenter.utah.edu/ for more information.

THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

Departmental Advisors:

Ms. Mary Ann Dresher maryann.dresher@utah.edu DGH 434, 801-585-1563

THIS DEPARTMENT ENFORCES UNDERGRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

International Requirement & Fine Arts Exploration
Note: This course offers students the opportunity to concurrently enroll in a (1) credit Spanish or Portuguese Language discussion section. To make the achievement of intercultural competence possible for all students, Cultures and Languages Across the Curriculum (CLAC) programs integrate different languages and cultures into a variety of curricular contexts beyond the traditional foreign language classroom. Enroll in MUSC 4899-001 CLAC (Spanish) OR MUSC 4899-002 CLAC (Portuguese) to participate in the Cultures and Languages Across the Curriculum (CLAC) cultural learning model. May be taken with MUSC 4899-001 CLAC (Spanish) OR MUSC 4899-002 (Portuguese).

Departmental Advisors:

For course descriptions and pre-requisite information click on the subject column next to the appropriate catalog number.

THIS DEPARTMENT ENFORCES UNDERGRADUATE AND GRADUATE PREREQUISITES. Please note that the registration system may not factor in transfer work when determining if prerequisites have been met. If you are unable to register for a course and think you have met the prerequisite(s), please contact an advisor from this department to inquire about obtaining a permission code. You may be administratively dropped from a course if the prerequisite has not been met.

**Continuing Education**

Meets with: MD ID 6515 , PED 6515

**Online**

Note: This is an online course, which does not meet in-class. For additional information, please visit [http://uonline.utah.edu](http://uonline.utah.edu) or call (801) 585-5959.

**Hybrid Classes**

Note: Course will not meet in-person for a week or two once the semester begins, but we will notify you on canvas with an announcement well beforehand. Class will be held in the Williams Building in Research Park on Mondays from 12(noon) - 1pm. Parking is free, and a map showing where to park can be found on Canvas. There will also be a free light lunch served at all course lectures. This is a Hybrid course, which uses a mixture of online, face-to-face, and technology enhanced instruction.

**Online**

Note: This is an online course, which does not meet in-class. For additional information, please visit [http://uonline.utah.edu](http://uonline.utah.edu) or call 801-587-0677.

Community Engaged Learning

Note: Students interested in taking this class must complete an application. Email sarah.barth@hsc.utah.edu and rachel.morrey@hsc.utah.edu for the application.

Paperwork for hospital access must be completed before the start of the semester.

Additionally, there will be a mandatory course orientation on the Friday before classes begin from 8:30am-5:00pm. Failure to attend orientation may result in being dropped from the course.

Meet with: PED 5902

Note: There will be a mandatory Physician Extender course orientation in the Primary Children's Hospital ER on the Friday before classes begin from 7:55am-5:00pm. Please check Canvas and Umail frequently for further updates. Due to high demand, students interested in taking this course must complete a short application process to receive an add code. Email sarah.barth@hsc.utah.edu for a copy of the course application.

Physical/Life Science Exploration

Meets with: ASTR 1060, ASTR 106

Note: This course requires registration for a discussion section. Students will be automatically registered for this lecture section when registering for the pertinent discussion section. Supplemental Instruction (SI) is attached to this section. SI provides free, organized group study sessions in which students actively focus on course content, test preparation, and study skills. SI is facilitated by trained student SI leaders. SI session times are determined the first week of class. See http://learningcenter.utah.edu/ for more information. This course includes all the required textbooks and course materials you’ll need at a reduced cost, included in the course fee. Note: Professional Education partners with Career Step on the content for this program. Students should expect an email from Career Step that will include log-in and other important information. The Executive Assistant program is designed to be completed in 3 months of full-time study. However, the online course format allows you to study on your own schedule and at your own pace, so your enrollment includes 6 months of program access in case you need extra time. This course does not qualify for U of U employee tuition reduction or Emeritus discount benefits.

Continuing Education
Meets with: PRTL 1241
Note: 3-day bike course. Attendance at Sept. 11 classroom session is mandatory. Field trips Sept 21, 22. No overnight camping. Course will cover technical mountain biking skills on single track with emphasis on safety, trail etiquette, multiple user conflict, environmental ethics, resource management associated with mountain biking in Utah's Wasatch Range, and common bike repairs and maintenance. Drops not possible after second day following this meeting. To determine the last day to drop this miscellaneous course, see http://registrar.utah.edu/handbook/miscellaneous.php

| PRTL 243-001 | ACT 0 | | Intro to Bikepacking | M | 06:00PM - 09:00PM | TBA | . | RANDALL, NATALIE LIN |
| 08/27/2018 - 08/27/2018 | | | | | | | |

Continuing Education
Meets with: PRTL 1243
Note: Attendance at first class meeting is mandatory. Drops not possible after the 2nd day following this meeting. Class meets August 27th only in HPR N 226. Field trip September 21-23th. Bikepacking—or, backpacking by mountain bike—is an increasingly popular way to learn about the outdoors. This introductory class is designed to teach students about an alternative choice of human powered adventure for outdoor enthusiasts. Bikepacking allows the adventurist to cover more miles than hiking as well as accessing dirt roads and trails that are otherwise inaccessible to other vehicles. In this class we will cover various aspects of bikepacking including outfitting bikes, gear to bring, and tips for planning trips. Students will learn about public land policy, be more fluent in conservation issues critical to the State of Utah, and practice minimum-impact travel and camping techniques.

Continuing Education
Meets with: PRTL 1244
Note: Attendance at 1st class meeting is mandatory. Drops not possible after 2nd day following this meeting. Class meets Tuesday, September 18th, from 6:00pm to 9:00pm only. Field trips September 30th and October 6th. The fundamental techniques, strategies and skills to commute to school, work, and social events by bicycle will be examined, discussed and applied during this course. This will be taught with a combination of handouts, videos, and on bike sessions. This section will provide students exceptional opportunities to gain knowledge of the Salt Lake Valley area, preferable bike routes, and explore some notable landmarks and cultural venues. Students will be given the opportunity to discuss and try out appropriate biking equipment for commuting, explore bike friendly routes, and practice safe and confident handling of their bikes in a controlled setting and in an urban setting with traffic. Additional topics, strategies, and research will be covered to illuminate the numerous benefits that active transportation methods provide to participants and to communities in general. This course will provide information and experiences for those wishing to begin commuting by bike as well as those who currently bike and would like to improve their skills, confidence, and their knowledge of the geographical terrain in the Salt Lake City area. No overnight camping. To determine the last day to drop this miscellaneous course, see http://registrar.utah.edu/handbook/miscellaneous.php

<td>Note: Attendance at first class meeting is mandatory. Drops not possible after the 2nd day following this meeting. Class meets August 27th only in HPR N 226. Field trip September 21-23th. Bikepacking—or, backpacking by mountain bike—is an increasingly popular way to learn about the outdoors. This introductory class is designed to teach students about an alternative choice of human powered adventure for outdoor enthusiasts. Bikepacking allows the adventurer to cover more miles than hiking as well as accessing dirt roads and trails that are otherwise inaccessible to other vehicles. In this class we will cover various aspects of bikepacking including outfitting bikes, gear to bring, and tips for planning trips. Students will learn about public land policy, be more fluent in conservation issues critical to the State of Utah, and practice minimum-impact travel and camping techniques. Field trips September 30th and October 6th. The fundamental techniques, strategies and skills to commute to school, work, and social events by bicycle will be examined, discussed and applied during this course. This will be taught with a combination of handouts, videos, and on bike sessions. This section will provide students exceptional opportunities to gain knowledge of the Salt Lake Valley area, preferable bike routes, and explore some notable landmarks and cultural venues. Students will be given the opportunity to discuss and try out appropriate biking equipment for commening, explore bike friendly routes, and practice safe and confident handling of their bikes in a controlled setting and in an urban setting with traffic. Additional topics, strategies, and research will be covered to illuminate the numerous benefits that active transportation methods provide to participants and to communities in general. This course will provide information and experiences for those wishing to begin commuting by bike as well as those who currently bike and would like to improve their skills, confidence, and their knowledge of the geographical terrain in the Salt Lake City area. <td>Note: This class will focus on the basics of canoeing, hiking and camping while learning Leave No Trace backcountry travel ethics. The field portion of this class will take place over Fall Break October 11 – 15th. Students will also learn about the natural and human history of the canyon. Attention will be given to contemporary resource management challenges and current user conflicts. In addition, the course will focus on risk management, consumerism, and environmental ethics. The field trip involves being outdoors in a desert environment, being on the river in canoes the entire trip and camping in tents in undeveloped campsites along the river. Expect daytime temperatures between 50 to 75 degrees and nighttime temperatures between 25 to 40 degrees. The field trip involves extensive canoeing and some hiking, and this may be physically challenging to some. Students should be in decent physical condition with the ability to walk 4 miles and swim 200 yards. Travel will normally be at a conservative pace, although adjustments due to weather or other conditions may be needed. Students are responsible for supplying their own meals, cooking equipment and camping gear which can all be rented from Outdoor Adventures on campus.
